

# 2017 Drought - Stage 2

## Mandatory Water Restrictions

### 1. Outdoor Irrigation Restrictions

Irrigating ornamental landscapes with potable water is limited to no more than **three (3) days per week** as follows:

- a. Customers with **even**-numbered addresses may irrigate on **Tuesdays, Thursdays, and Saturdays**
- b. Customers with **odd**-numbered addresses may irrigate on **Wednesdays, Fridays, and Sundays**
- c. Customers **without** a street address may irrigate on **Tuesdays, Thursdays, and Saturdays**
- d. Hand and drip watering may be done at any time, but you **must** still conserve 8%

2. Obligation to Fix Leaks, Breaks or Malfunctions All leaks, breaks, or other malfunctions in the customer's plumbing fixtures and/or irrigation system must be repaired within **three (3) business days** of written notification by DOWC, unless other arrangements are made with DOWC.

"Written notification" includes door tags.

### 3. Prohibited Uses of Water

- a. The application of potable water to driveways and sidewalks
  - b. The use of potable water in a water feature, except where the water is part of a recirculating system
  - c. The application of potable water to outdoor landscapes during and within forty-eight (48) hours after measurable rainfall
  - d. The serving of drinking water other than upon request in eating or drinking establishments, including but not limited to restaurants, hotels, cafes, cafeterias, bars, or other public places where food or drink are served and/or purchased
  - e. Irrigation of ornamental landscape on public street medians
  - f. Irrigation outside of newly constructed homes and buildings with potable water unless the potable water is delivered by a drip irrigation systems and/or micro spray irrigation system
4. Operators of hotels and motels shall provide guests with the option of choosing not to have towels and linens laundered daily. The hotel or motel shall prominently display notice of this option in each guest room using clear and easily understood language
5. Limits on Filling Residential Swimming Pools and Spas: Re-filling and initial filling of single-family residential swimming pools or outdoor spas with potable water is prohibited, except to maintain required operating levels of existing pools and spas or as a result of completing structural repairs to the swimming pool or outdoor spa
6. Limits on Filling Ornamental Lakes or Ponds: Filling or re-filling ornamental lakes or ponds with potable water is prohibited, except to the extent needed to sustain aquatic life, provided that such animals are of significant value and have been actively managed within the water feature prior to the implementation of any staged mandatory restrictions of water use as described in this Rule
7. Other duly adopted restrictions on the use of potable water as prescribed from time to time by the Commission or other authorized government agencies may be added at any time

### My Irrigation Plan:

#### **My sprinklers ONLY run on:**

(Circle your schedule, see left to determine your days)

Saturday, Tuesday, Thursday

Sunday, Wednesday, Friday

#### **My Sprinklers come on at:**

\_\_\_\_\_ AM / PM

(Select a time between  
6PM and 8AM.)

***PRO TIP:** Make sure to start your timer early enough that the entire watering cycle will be done before 8AM!*

will **hand water** my houseplants & other container plants on:

**Tu W Th F Sa Su**

(Circle no more than 3 days)

***PRO TIP:** Use a bucket to capture water from baths, rinsing dishes, warming up the shower, etc., and use that to irrigate container plants while conserving water.*

**DEL ORO WATER COMPANY – River Island District**  
**2017 Mandatory Staged Restrictions of Water Use: Stage 2 Water Shortage**  
**Including Restricted Watering Days**

Del Oro Water Company (DOWC) hereby notifies its customers of the State Water Resources Control Board's (Board) extension of the restrictions and fines for violations of the Board's regulations. This notification is being sent as California is still in a drought and your cooperation is necessary to ensure reliable supplies of water for your comfort and necessary use.

As stated in the Emergency Regulation, "On May 9, 2016, the Governor issued an Executive Order that directs the State Board to adjust and extend its emergency water conservation regulations through the end of January 2017 in recognition of the differing water supply conditions for many communities." As a result the Board has extended the Emergency Water Conservation Regulation through February 28, 2017. In accordance with Governor Brown's Executive Order B-37-16 of May 9, 2016; the Board's Resolution No. 2016-0029 of May 18, 2016; and CPUC Resolution W-5103 (June 23, 2016); DOWC's Rule 14.1 *Mandatory Staged Restrictions of Water Use will remain in place through February 28, 2017*, as per Advice Letter 459. **On April, 7 2017, Governor Brown declared an end to the drought emergency throughout California, except in four counties (Fresno, Kings, Tulare, and Tuolumne Counties.)**

**The Good News:**

Effective immediately, your district is being moved from Rule 14.1 Stage 3 restrictions to Rule 14.1 **Stage 2** restrictions:

- Customers are now allowed to water **three (3) days a week**, instead of the previous two (2) day limit. Please see the back of this notice for your watering days
- Customers are required to **reduce water use by just 8%, down from the previous 25% requirement**

**The existing mandatory restrictions remain in effect, as shown on the back of this notice.** Where possible, DOWC will continue to print Water Usage Guidelines on each customer's bill; these guidelines show each customer what their maximum water use should be to achieve 8% conservation compared to 2013.

**The complete list of Rule 14.1 Stage 2 restrictions is printed on the back of this notice.** Rule 14.1 is available on DOWC's website at: [www.delorowater.com/rule14.1.html](http://www.delorowater.com/rule14.1.html)

Please remember that the following are ALWAYS prohibited:

- The application of potable water to landscapes in a manner that causes runoff such that water flows onto adjacent property, non-irrigated areas, private and public walkways, roadways, parking lots, or structures
- The use of a hose that dispenses potable water to wash vehicles, including cars, trucks, buses, boats, aircraft, and trailers, whether motorized or not, except where the hose is fitted with a shut-off nozzle or device attached to it that causes it to cease dispensing water immediately when not in use
- Using broken or defective plumbing or irrigation after DOWC has notified you to repair it

Violation of any of Board prohibited or restricted water use activities may be punished by a fine of up to five hundred dollars (\$500) for each day in which the violation occurs. Fines may be assessed by any law enforcement officer (ie. sheriff, police, etc). Fines are not assessed by DOWC, and DOWC does not receive any income from the fines. However DOWC has the authority to discontinue water service to any customer who continues to waste water after receiving warnings and/or fines, in accordance with DOWC's Rule 11.B.3.

Del Oro will continue to notify customers (usually via a door tag) as soon as we are aware of any leaks that are the customer's responsibility to repair. As per drought requirements, customers will have only **three (3) business days to repair leaks**, unless other arrangements are made with DOWC.

Please visit [www.delorowater.com/drought.html](http://www.delorowater.com/drought.html) to report waste of water, and for the most current information about prohibited water uses, other unauthorized water uses, and mandatory outdoor irrigation restrictions, as well as conservation resources. We encourage you to take advantage of the many conservation resources available on our website to save water.

**MOBILE HOME PARKS and OTHER PROPERTY MANAGEMENT:** Please share this information with residents who may not have received this notice directly. You can do this by posting this public notice in a public place or distributing copies by hand or mail.
